Tandex 55

Heavy Duty Non Caustic Detergent powder

TANDEX 55 is a powerful blend of wetting agents, dispersants and cleaners in a concentrated powdered form. **TANDEX 55** is designed to give high powered cleaning at very low concentrations of use.

TANDEX 55

- Contains no caustics
- Safe on all metals
- Safe on paintwork
- Mild to skin
- Biodegradable
- Very Economical

RECOMMENDED USES

- **FOOD PROCESSING PLANTS** - As a general purpose cleaning detergent for walls, floors and processing equipment. TANDEX 55 solutions effectively remove sugars, animal fats, blood, milk residues, protein deposits etc. Use at concentrations from 10-20g per litre of water for swab or brush cleaning applications. TANDEX 55 is an excellent product for steam cleaning applications giving very economical cleaning without the dangers of free caustics.
- **CAR BODIES & TRUCK CABS** - as an exterior wash for removing road grime and dirt - use at concentrations of 1-3g per litre of water (approx. 1-2 teaspoons per gallon).
- **PANTECHNICONS & BUS BODIES** - to remove heavy build-up of accumulated mud and road grime - use at 3-6g per litre of water (approx. 2-4 teaspoons per gallon).
- **FOOD CARRYING VEHICLES** - For cleaning interiors of Pantech-nicons and Food Carrying Vans to remove spillages and general soiling. Can be used manually or by high pressure spray or steam cleaning methods.
- **ENGINE CLEANING** - For degreasing car, bus and truck engines and under carriages, make up a stock solution at a concentration of 50-75g per litre of water. This solution can then be brushed neat onto the engine and then hosed clean. This stock solution can be further diluted to suit lighter cleaning requirements. As a general purpose cleaning detergent for walls, floors and processing equipment. When steam cleaning - add the stock solution to the detergent tank and meter into the steam line as necessary.
- **FLOOR CLEANING** - for maintenance cleaning of workshop floors, mop over with a solution of 12g per litre of water. For very soiled areas, increase the concentration or alternatively, sprinkle a small quantity of the powder over the wet floor and agitate with a broom, then mop or hose clean.

HANDLING

PLEASE NOTE: Rinse product contacting surfaces with potable water after use.

TANDEX 55 is a relatively safe product to handle, but prolonged or repeated skin contact should be avoided to prevent drying of the skin. Keep the product out of reach of children.

PACKAGING

TANDEX 55 is packed in 24 kg and 200 kg non-returnable drums.
